

- All in one package designed for health professionals to deliver a primary prevention stroke seminar to their community
- Great activity for annual quality plans or community education session you don't have time to prepare for
- Plan, promote, deliver and evaluate a seminar with minimal preparation

The strokesafe™ seminar kit contains:

- Presenters Guide
- Evaluation forms
- Frequently asked questions
- Fact sheets
- Promotional flyer
- Adaptable media release
- Blood pressure testing information
- Blood pressure personal record cards
- Handouts for 20 participants
- Presentation on CD Rom with speaker notes

Comments from participants in pilot program:

*Great kit, easy to use and well resourced”
- Community Health Nurse, VIC*

“Fabulous to have an easy to use resource that is comprehensive, simple and presents very professionally!” - Occupational Therapist, QLD

*“Probably would not have initiated it myself!! You did all the hard work for me. Thank you!!...”
- Community Health Nurse, VIC*

The presentation on CD Rom covers:

- General information on stroke
- Causes of stroke
- How to recognise the early signs of stroke
- Risk factors for stroke and that stroke is preventable
- How to be stroke safe
- Real life case studies
